Our school records any child safety complaints, disclosures or breaches of the Code of Conduct, and store the records in accordance with security and privacy requirements. Our complaints and disclosure processes are outlined and detailed in the Mandatory reporting policy:

Managing disclosure protocol is detailed below:

MANAGING A DISCLOSURE

If a child or young person makes a disclosure to you, it is important you respond in an appropriate and supportive manner. It is also important to inform the child that there are some things you cannot keep a secret or confidential.

When managing a disclosure, you should:

- stay calm and not display expressions of panic or shock
- state clearly that the abuse is not the child’s fault, no matter what the circumstances are
- listen to the child
- be patient and allow the child to talk at their own pace
- use the child’s language and vocabulary
- not pressure the child into telling you more than they want to
- reassure the child you believe them and that disclosing the matter was the right thing to do
- avoid going over the information time and time again; you are only gathering information to help you form a belief on reasonable grounds that you need to make a report to the relevant authority
- remember that you are not investigating the allegation. It is the role of the relevant authority to investigate the allegation once it is reported to them
- tell the child you are required to report to the relevant authority to help stop the abuse.
